Compulsory REVISION comments	The description of this paper is cumbersome and unfocused, but there are still many doubts, such as the data in table 1 is the data of which variety or the average of all the varieties? The figures are improper, such as Fig. 9.10.15.16.19.20.21.22 should not use line chart. The significant difference was not marked in all the figures. There are some inconsistencies in this paper.
