SDI Review Form 1.6

Journal Name:	**American Journal of Experimental Agriculture**
Manuscript Number:	**2013_AJEA_6372**
Title of the Manuscript:	**Preparation and Characterization of O/W Emulsion Formulation of Deltamethrin**
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	**Author's comment** *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments	The authors should explain clearly the data presented in Tables 2 and 3.	Tables 2 and 3. are Explained in the manuscript
Minor REVISION comments		
Optional/General comments	The present manuscript represents an interesting scientific contribution to the area of development of pesticide formulation, because it shows a preparation and evaluation of an alternative o/w emulsion formulation of deltamethrin. It is among the most popular and widely used insecticide in the world. It is generally clear and concise and provides an adequate discussion of the experimental parameters.
