PART 1: Review Comments

	Reviewer's comment	**Author's comment** *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments	**What is/are the recommendation(s) of this study? Add recommendations with inference from the findings of your study.** **Consult author's guide for proper formatting** **The study is good but not deeply researched.**	
Minor REVISION comments	The literature is a little shallow. It could be improved on	
Optional/General comments	i am just wondering if the data on this table 1 was from an actual survey. the trend of improved earnings seem to favour the non-participating more than those participating. a graph of this table will favour the non-participants. the felt impact is with the 100,000 and above group fro the participating group
