PART 2: Review Comments

	Reviewer's comment	**Author's comment** *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments		
Minor REVISION comments	*The authors could probably expand the introduction and include more on application of soil amendments in improving maize production.*	
Optional/General comments	*The study is considered relevant to a current problem. The manuscript is well structured and written in a clear manner. The materials and methods, and results section are appropriate. A minor revision of the introduction is all that is needed.*
