SDI Review Form 1.6

PART 1:

Journal Name:	American Journal of Experimental Agriculture
Manuscript Number:	**2013_AJEA_3590**
Title of the Manuscript:	**Effect of Seed Storage Periods,Conditions and Materials on Germination of Some Soybean Seed Cultivars**

General guideline for Peer Review process is available in this link:
(http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline)

- This form has total 9 parts. Kindly note that you should use all the parts of this review form.

SDI Review Form 1.6

PART 2: Review Comments

	Reviewer's comment	**Author's comment** *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments	**Any scientific paper should specify the scientific reason for the study and include new findings, but this paper lacks the descriptions. It is well known that soybean seed vigour is affected by genetic and environmental factors. The results obtained appeared reasonable, but I could not find a novelty of this paper, at least from the title and abstract. The authors should clearly describe, in Abstract and Introduction, what are important issues to be studied regarding soybean germination vigour during its storage.**	
Minor REVISION comments		
Optional/General comments
