SDI Review Form 1.6

Journal Name:	**British Journal of Applied Science & Technology**
Manuscript Number:	**2014_BJAST_10958**
Title of the Manuscript:	**Prediction of Electrical Power Demand of Bayelsa State (Nigeria) by year 2025 Using Improved Estimate Method**
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	**Author's comment** *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments		
Minor REVISION comments		
Optional/General comments	Long-term peak load forecasting is important for electrical system planning. This manuscript makes an indept prediction to peak electrical load demand of Bayelsa State by the year 2025. The selected forecasting model is feasible and the forecasting result is credible. As a result, I recommend it is accept as it is.	Okay. All corrections of equations and matrixes have been done. All listed references have been cited in work.
