SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	British Journal of Applied Science & Technology
Manuscript Number:	**2014_BJAST_10479**
Title of the Manuscript:	**Effect of Some Growth Retardants on Vegetative Growth, Spurs And Fruiting Of "Le-Conte" Pear Trees Under Two types of soil**

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	**Authors' response to final evaluator's comments**
The manuscript needs to minor revise. I make some comments to authors: **ABSTRACT**: 'It should be noted that the best results were recorded in sandy soil compared with the clay soil' instead of ' Whereas , it is noticed that the best results were recorded in sandy soil compared with the clay soil' succinic acid: start with Capital letter **INTRODUCTION**: 'Chlormequate chloride (2, chlor- N, N, N- tri methyl thanaminium chloride) is another GA biosynthesis inhibitor which exhibits growth retarding effect in fruit trees [6 and 7]' instead of 'Chlormequate chloride (2, chlor- N, N, N- tri methyl thanaminium chloride) is another GA…' **MATERIAL AND METHODS** '5-years' instead of '5- years': delete the space '(*Pyrus Commuins L.*)' : correct with '(*Pyrus Commuins* L.)', delete the space and L. not *L.* (should not be italic)	**Thank you for your patience and cooperation to revised my paper and I am interested to your notes.** **I had done all the corrected as possible as.**
