SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	**American Journal of Experimental Agriculture**
Manuscript Number:	**2013_AJEA_7031**
Title of the Manuscript:	**Correlation and path coefficients Analysis between Morphological Characteristics and Conservable grain Yield of sweet corn and super sweet (*Zea Mays* L. *var. Saccharata*) varieties under conditions of different planting method**

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	**Authors' response to final evaluator's comments**
The title of the manuscript should be as written above and not as written in author's revised work. **The last but one sentence of the abstract, the word 'Trait' should begin with small letter 't'.** **Line 21 of introduction, reads as …… 'for producing of' instead of 'for the production of' or 'for producing'.** **Lines 126-128 sentences in the materials and methods is not clear and should be well reframed.** **Line 253 of the conclusion which reads; …….. 'which have weighed over than 1000-grains' is not clear.** **Line 256 of the conclusion should read; ……. such an experiment should be extended in scope to cover other possible aspects; Or further experiments in future should consider other possible aspects not covered in this study.** **Apart from above observations made, the Author has revised the manuscript as much as required, towards meeting the requisite standard.**
