SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	British Journal of Applied Science & Technology
Manuscript Number:	**2014_BJAST_15787**
Title of the Manuscript:	**COMPARATIVE STUDY OF THE PHYSICOCHEMICAL PROPERTIES OF OILS OF SHEANUT (Vitellaria paradoxa) AND COCOA (Theobroma cacao)**
Type of the Article	**Original Research Article**

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	**Authors' response to final evaluator's comments**
Discussion is still tilted towards cocoa butter in terms of citing standards specified by Standard Organization of Nigeria to compare with the quality parameters of the cocoa butter in this research work. To balance the discussion and ascertain the quality of the shea butter extracted in this work, it will be worth comparing the values of the quality parameters of shea butter with specifications or standards by other regulatory bodies in Nigeria if Standard Organization of Nigeria don't have the information or compare with international standards on shea butter. Author(s) will strengthen the paper if this information is provided or indicated in the discussion **The page numbers for references [2] and [15] have not been stated as well as the dates for visiting the websites of references [9] and [4].**
