PART 1: Review Comments

	Reviewer's comment	**Author's comment** *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments	Generally, the most used method in wastewater treatment plants is the method of columns, then, I suggest authors must present some work parts referring to the packed column adsorption and elution experiments (column method).	This research is part of a PhD work program. This has been cited in the perspective
