SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	**Author's comment** *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments	**The authors intended to introduce correlation methods to the field of learning. The authors described the details of correlation coefficient and illustrated the experimental results on some random generated datasets. How about the experimental results on the real learning datasets?**	A real-life example from education has been added as a new section
Minor REVISION comments	Nil.	
Optional/General comments	Nil.
