**SDI Review Form 1.6**

**PART 1: Review Comments**

| | **Reviewer's comment** | **Author's comment** *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)* |
|---|---|---|
| **Compulsory** REVISION comments | The paper is interesting, adequate research methodology and the results are obvious.<br><br>I recommend improving bibliographic analysis by analyzing the many contradictory articles in recent years (10 years) related to: soil moisture, soil temperature, chemical properties, physical properties.<br>This analysis greatly help explain results to you. | |
| **Minor** REVISION comments | Paper must be corrected to English grammar and editing for publication. The bibliography should be arranged alphabetically. | |
| **Optional/General** comments | The paper brings new data precious on tillage system optimization in the southwest Nigeria research area | |
