SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	**Author's comment** *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments	**The paper is not well researched and previous work done on similar areas should be highlighted. Further, the authors have presented the flow diagram of the area without referring the methodology/data used for preparing the same. The authors should also research the sources of pollution which has resulted into poor groundwater quality. It will help the authorities to prepare a comprehensive mitigation plan.**	
Minor REVISION comments		
Optional/General comments
