SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	**Author's comment** *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments	1. The abstract should state more clearly the objectives of your study. 2. At the end of the Introduction you should state more clearly the objectives of your study, and provide an outline of the structure of your work. 3. You should describe the research methodology. Which journals and databases were analyzed, which keywords were used. Which research techniques were used? 4. This paper is conceptual and it is based on literature. Hence, the literature must be essentially expanded. The literature review misses some key current works comprising important contributions to the paper issues, e.g. Tapscott, Hamel. 5. The net generation and wikinomics, described by Tapscott, strongly and deeply influence management and management education. Therefore, these cannot be overlooked. 6. The conclusion section should be overall conclusion of the paper. Include a synthesis and some discussion of the results, to help a reader better understand the results. Moreover, you should answer the questions: What are the implications of the findings? How should these be used to improve management education? 7. You should review BJMT Guide for Authors and revise this paper accordion to its cues.	Now objectives given Now we included the following a. Objectives of the study b. Scope of the study c. Background of the study The theoretical framework would take care of the research methodology and this is a descriptive study analysing the past literature As suggested the literature is expanded with a table indicating the managerial skills set used in 10 articles Contributions by Tapscott is also included Now conclusion is suitably amended The guidelines are followed
Minor REVISION comments	8. The findings can best be summarized in tables to show the new trends in management education and current managerial skill sets. It will improve readability of your	A summary table is incorporated

	research findings.
