## SDI Review Form 1.6

## PART 1:

| | |
|---|---|
| Journal Name: | International Research Journal of Pure and Applied Chemistry |
| Manuscript Number: | **2013 IRJPAC 4431** |
| Title of the Manuscript: | **PROXIMATE AND MINERAL COMPOSITION OF NINE NIGERIAN FRUITS** |
| Type of the Article | **Research paper** |

**General guideline for Peer Review process is available in this link:**
**(http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline)**

- This form has total 7 parts. Kindly note that you should use all the parts of this review form.

## SDI Review Form 1.6

**PART 2: Review Comments**

| | **Reviewer's comment** | **Author's comment** *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)* |
|---|---|---|
| **Compulsory** REVISION comments | **ABSTRACT**<br>- **The authors did not follow the journal template in presenting the abstract. Please download a copy of the journal template.**<br>- **The English of the paper should be polished.**<br>- **The authors failed to mention the method used for the proximate analysis in the abstract.**<br>- **The authors should mention the specie of the fruits used.**<br>- **Did you collect or purchase the fruit varieties from the market?**<br>- **Rivers State not state**<br><br>**INTRODUCTION**<br>**This part should be revised as more information can be added. The authors should try to give a brief review of the existing literature reports on the proximate and mineral composition of fruits and give the major improvement this paper has over them, if any.**<br>**MATERIALS AND METHODS**<br>**How did you determine the crude protein, CHO and lipid content? You only mentioned moisture and dry matter.**<br><br>**RESULTS AND DISCUSSION**<br>- **Consult your colleagues on how to present** | Accepted corrections |

| | | |
|---|---|---|
| | **tables. Not all the lines should appear.**<br>- **Add standard deviation values to your results in the form Mean‡SD .**<br>- **Some data are missing for *Carica papaya* under proximate analysis**<br>- **Make a comparison between your results on minerals and the existing literature reports**<br><br>**REFERENCES**<br>**The authors should adhered religiously to the journal format** | |
| **Minor** REVISION comments | The grammar of the paper should be addressed carefully. There are some typographical errors to be addressed too | |
| **Optional/General** comments | The journal should be accepted as short communication if the manuscript is carefully reviewed | |
