SDI Review Form 1.6

PART 2: Review Comments

	Reviewer's comment	**Author's comment** *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments	**1. There is no description about how to get the yeast. And also did not show the cell numbers of yeast per litter of water. And the volume of daily drinking water also did not show. All of the information are very import to support the significant performance after treated with yeast.** **2. There is no innovation to use yeast as performance enhancing agent in broilier chickens. Authors should distinguish the differences with others' published studies in the part of introduction .**
