SDI Review Form 1.6

Journal Name:	**British Microbiology Research Journal**
Manuscript Number:	**Ms_BMRJ_20439**
Title of the Manuscript:	**Recent advances in virus-host coevolution and protective mechanisms against plant viruses**
Type of the Article	**Review Article**

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.
To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	**Author's comment** *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments		
Minor REVISION comments		
Optional/General comments	**The present work represents an excellent review in research area of virus-host coevolution and protective mechanism against plant viruses. This study clearly shows a clear introduction, plant virus infection, genetic evolution of plant viruses, plant defense, cross-protection, engineering resistance, and conclusions.** I should mention that it was a pleasure to read and review this work. I learn quite a lot and will help me with my research work on plant viruses of some Mexican crops.	Thank you for your interest to review our manuscript.
