SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	**Author's comment** *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments	The paper is interesting and the topic is relevant. However there are typing errors, some sentences are difficult to understand and their grammatical arrangement should be improved (highlighted in yellow, comments are in the boxes in the manuscript PDF).	
Minor REVISION comments	There are few references (only six) used for this article. It is recommended for the authors to use current references to enrich the introduction and discussion. Also, it is recommended to use more current reference to talk about epidemiological data. In the M&M, authors should provide more information about the tests evaluated in the study.	
Optional/General comments	It would be interesting if you relate the demographic data to the positive cases in a table.
