

SDI Review Form 1.6

Journal Name:	American Chemical Science Journal
Manuscript Number:	2013_ACSj_5637
Title of the Manuscript:	Mechanical Properties of Wood Waste Reinforced Polymer Matrix Composites
Type of the Article	Research Paper

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments	1. The mechanical properties of the composites with different wood waste amounts should be compared to pure LPDE, and their standard deviations should be added in the Fig.1 and Fig.2. 2 For the results, some necessary discussion should be supplied. 3. The English should be checked and improved. For example, page 5, "wood waste as reinforcing filler in low LDPE has be fabricated".	
<u>Optional/General</u> comments		

Note: Anonymous Reviewer
