SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	**Author's comment** *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments	1. The manuscript was clearly written. However, there is still some room to improve in terms of expressions. 100mg/kg, 500mg/kg, 1000mg/kg, 2000mg/kg and 500mg/kg. mg/kg should be written once. 2. Write the full names of abbreviations once at least in the manuscript. E.g EDTA etc. 3. The Author Should Interpret the results of phytochemical analysis, Bacterial Susceptibility Tests, MIC etc.	
Minor REVISION comments	In order to reflect that this paper is based on the recent researches, we need authors to update the references. New references can reflect that this paper is in today's level. If the references are old, readers may consider that this work still stays in the past level. So please try your best to update the references and make sure two thirds of the references are in recent 5 years (2009-2014).	
Optional/General comments	Take a look at the references format of the manuscript. Format should be equivalent though out the manuscript.
