

SDI Review Form 1.6

Journal Name:	American Chemical Science Journal
Manuscript Number:	2014_ACSj_10589
Title of the Manuscript:	Determination of Trace-Metals in Sediments and plants on canal of Jandiá and Igarape of Fortaleza in Macapá-AP-Brazil
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments	Manuscript is relevant to the themes of the journal. The manuscript could be accepted after minor revision. 1. There are a lot of typos in the text. 2. References should be corrected according to the author guide of the journal. 3. Added the reference the following resources should be added literature. - H. Altundag, M. Imamoglu, S. Doganci, E. Baysal, S. Albayrak, M. Tuzen*, "Determination of heavy metals and their speciation in street dusts by ICP-OES after a BCR-sequential extraction procedure", JOURNAL OF AOAC INTERNATIONAL,	The changes were made according to the suggestions of the referee.
