SDI Review Form 1.6

Journal Name:	**British Journal of Mathematics & Computer Science**
Manuscript Number:	**2015_BJMCS_17028**
Title of the Manuscript:	**Positive solutions for a coupled nonlinear fractional differential system with coefficients that change signs**
Type of the Article	**Original Research Article**

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	**Author's comment** *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments	The discussed topic is very interesting. Now a day's fractional differential equation is hot topic to researchers.	
Minor REVISION comments	It is important to point out that the proposed method is systematic to implement. The language of this paper is good and arrangement is satisfactory. There are some typographical errors in the manuscript.	
Optional/General comments
