SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	**Author's comment** *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments	**1. This author explained that all subjects examined in this study presented with a low dental caries status. However, the dental caries status was not presented in this article.**	
Minor REVISION comments	1. This author should correct "byhealth" in the 70th line. 2. 97 subjects were involved in this study. However, in the table 1, the total number of 11-19 year-old subjects is 100. 3. This author should correct "n=58, 24.00%" in "n=24, 24.2%" in the 104th line. 4. In the footnote of figure 1, "between 10-17" is made mistake for "between 11-19". 5. This author should correct "whichdental" in the 175th line.	
Optional/General comments	In this study, we can see the prevalence of dental fluorosis and the Community Fluorosis Index among the subjects. If the author examined dental caries status, the data should be presented in this article.
