

SDI Review Form 1.6

Journal Name:	American Chemical Science Journal
Manuscript Number:	2015_ACSj_16268
Title of the Manuscript:	Phytoremediation Potentials of Common Nigerian weeds for the purpose of cleaning up a Lead-zinc Derelict Mine
Type of the Article	Original research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Check the text 1. - Please check the text, there are some words joined. 2. - Page 2, line 88, miss the point.	The text was properly checked but I couldn't locate any joined words Line 88 has been rewritten as "<i>The samples were appropriately stored in treated plastic bottles for XRF analysis.</i>"
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments The manuscript is corret	1. - In the introduction, cite some of the paper in phytoremediation, and the plants used. 2. - line 118 Page 4, table 3, table 4, and table 5, The names of the plants, they are in italics. 3. - Explain briefly the results in the text. 4. - Page 5, line 137-159. When the scientific name of the plant are mentioned, the next cite is only with the initial letter of the generous, and the name of the specie	Contrary to the observation of Reviewer 4, these two authors Sadowsky, (1999) and William, (2008). were cited on phytoremediation Contrary to the observation of Reviewer 4, the general rule is to write all botanical names in italic. I will gladly change it if the rule in this journal is to write botanical names normal... Discussion section is all about the explanation The suggestion of Reviewer 4 to use initial letter of
