

SDI Review Form 1.6

Journal Name:	American Chemical Science Journal
Manuscript Number:	Ms_ACSJ_21491
Title of the Manuscript:	PARTITIONING OF SOME HEAVY METALS IN THE SOIL ALONG THE EFFLUENT CHANNELS OF JEZCO PLASTIC INDUSTRY EKWULOBIA, ANAMBRA STATE, NIGERIA.
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	No	
<u>Minor</u> REVISION comments	In Materials and Methods: In preparation of reagents: Indicate the author or authors recommend these protocols. In analysis: Indicate the author or authors recommend these protocols analysis. In Results and Discussion: In the discussion to compare their results with those of other authors. In conclusion: The objective of the research was to assess the risk levels of some heavy metals selected roads effluent discharge JEZCO Industrial Complex; then the conclusion must respond to this objective.	We agree with the reviewers judgment and we have done the corrections according to his/her recommendations.
<u>Optional/General</u> comments	Important research that shows information about the presence of some heavy metals present long channel wastewater JEZCO Ekwulobia plastics industry. Raised observations should be published.
