**SDI Review Form 1.6**

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b><u>Compulsory</u></b> REVISION comments	I suggest to discuss better the clinical presentation, diagnosis and treatment and compare with others articles (is there anyone??) . Which dosage is toxic? How many seeds does people eat to get high or to treat disease?? This case report is interesting but has to change. The English would be better.	Done toxic dose is unknown Ingestion of a capsule containing 50 to 100 seeds can lead to severe toxicity anticholinergic
<b><u>Minor</u></b> REVISION comments		
<b><u>Optional/General</u></b> comments
