**SDI Review Form 1.6**

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b><u>Compulsory</u></b> REVISION comments	Very Long Baseline interferometry Network is well – known. This paper give an introduction about the Square Kilometer Array, and a redundant 32-metre telecommunication antenna at Kutunse, Ghana will be converted into a radio telescope and Ghana will be put on the spotlight in radio astronomy science and greatly impact science education in Ghana.	Author agrees with these comments, but will not add the beginning sentence 'Very Long Baseline interferometry Network is well –known.' Because it is a well established fact and hence not necessary to state this.
<b><u>Minor</u></b> REVISION comments	If there any competing interest please clarify.	There are NO competing interests in this work
<b><u>Optional/General</u></b> comments
