SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	<ul style="list-style-type: none"> - Review paper is quite interesting. Author should elaborate more on the medical importance of bacteria both positive and negative. Positive in terms of antibiotic, vaccine, hormones, vitamin, dairy, etc production and negative in terms of causation of a vast array of human and animal diseases including recently discovered ones. - References are current. - Paper may be published if author is able to address all points raised in attached comments 	<p>-All changes and suggestions were done and highlighted in the manuscript.</p> <p>- We give a brief discussion about the three classes of bacteria namely saprophytic, symbiotic and parasitic bacteria, and also about biocontrol and the title does not correctly suit it, as suggested by other reviewers. So we changed the title to: "Saprophytic, Symbiotic and Parasitic bacteria: Importance to Environment, Biotechnological Applications and Biocontrol".</p>
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments
