SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments	<p>1) You should add two photographs showing the general field view of the Agbani Sandstone and Awgu Shales into the "Geology" section of the manuscript.</p> <p>2) The reference of the manuscript is poor. You should cite the similar studies in literature.</p> <p>3) "In Enugu area, who first described the Agbani Sandstone and Awgu Shales?" You should give a reference or add a sentence about it into the "Geology" section of the manuscript.</p> <p>4) You should mention about the geological age of the Agbani Sandstone and Awgu Shales in "Geology" section.</p> <p>5) You should give a new large scaled location map showing the study area. The map given in the Figure-1 is not suitable for the manuscript. Because it is small scaled and belongs to Nigeria.</p> <p>6) In legend of the Figure-3, you should mention the geological age of the Agbani Sandstone and Awgu Shales.</p> <p>7) The manuscript should be redesigned again according to the rules of the "Instructions for Authors".</p>	
<u>Optional/General</u> comments	After minor corrections mentioned above, this manuscript is suitable for publishing in the "Advances in Research".
