

**SDI Review Form 1.6**

Journal Name:	<a href="#">Advances in Research</a>
Manuscript Number:	2014_AIR_11317
Title of the Manuscript:	Impact of solar radiation intensity on temperature, relative humidity, wind speed and direction in Lubigi <i>Cyperus papyrus</i> L. wetland surface
Type of the Article	Original Research Article

**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

**SDI Review Form 1.6**

**PART 1: Review Comments**

	<b>Reviewer's comment</b>	<b>Author's comment</b> <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<b><u>Compulsory</u></b> REVISION comments	<p>Paper studies the effect of photo active synthetically active component of radiation (PAR) on other meteorological parameters for Lubigi <i>Cyperus papyrus</i> L. wetland surface the study is relevant .</p> <p>1.Paper requires to be revised including abstract which is not reflecting clearly the work presented. It needs to contain important analysis results also. 2.Languge of paper requires improvement,</p> <p>3.Title of paper requires to be changed by replacing solar radiation by photo active synthetically active component of radiation (PAR) 4. Key words need to include PAR in full form also. 5.references in text require properly written in text like Line 28,31,40,155 Require to quote authors names or rephrasing of statements Like it is written [6] argued that ... [8]said...reported by [13] [14]...</p> <p>6.Reference no.13 is not complete</p> <p>7. Study require to identify further follow up research area 8. Authors have analysed the data for period 2010-11 period. The results of study needs to be include further analysis if data recorded is available. This will improve the manuscript.</p>	
<b><u>Minor</u></b> REVISION comments		
<b><u>Optional/General</u></b> comments
