PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	<p>This paper assessed the impact of government legislations on environmental accounting practice and compared current practices across firms in different sectors of the economy. A survey of 25 quoted firms from different sectors of the economy revealed that much attention has not be given to the cost of natural resources damages in project evaluation.</p> <p>The formal journal and more reference are suggested to be used in this paper, especially some top journals.. More statistical methodology is encouraged to examine the impact of government legislations on environmental accounting practices.</p>
