	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	I suggest to discuss better the clinical presentation, diagnosis and treatment and compare with others articles (is there anyone??) . Which dosage is toxic ? How many seeds does people eat to get high or to treat disease?? This case report is interesting but has to change. The English would be better.
