**PART 1: Review Comments**

	<b>Reviewer's comment</b>	<b>Author's comment</b> <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<b><u>Compulsory</u></b> REVISION comments	(1) The literature part could be further enhanced. (2) Improve the research method to analysis the correlation.	
<b><u>Minor</u></b> REVISION comments	(1)L9:2011>>>>2001; (2) Some expressions and sentences in the paper need to be improved.	
<b><u>Optional/General</u></b> comments	This paper studies the relationship between national income with occupational injury. The issue seems to be interesting. But, I don't think the assumptions are reasonable and the conclusion lacks the professional analysis on the relationship between national income with occupational injury.
