PART 1:

Journal Name:	Advances in Research
Manuscript Number:	2015_AIR_17208
Title of the Manuscript:	Sleeping Patterns among Medical Students in the Middle East: Identifying Areas for Intervention
Type of the Article	Original Research Article

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
In this new version the authors have presented important changes, but they still did not explore the PBL method of learning, in which the mostly students are taught. I would like to stress the importance to this point. It could be developed in the discussion.	Thank you for your kind recommendation, we have added what you have suggested to the manuscript.
