

Editor's Details	Editor's Decision
<p>Dr. Miguel Cerqueira Laboratory of Industry and Process (B.factory group), Institute for Biotechnology and Bioengineering, Centre of Biological Engineering, University of Minho, Portugal</p>	<p>Many thanks for your submission to AIR and all the efforts to reply to the comments. However, revisions are still needed. Please follow the suggestions presented below:</p> <ul style="list-style-type: none"> - Line 119. The authors should identify the references of each AOAC method used during the M&M; - Results and discussion section should present text information regarding the data presented in the tables. One alternative is to merge these two sections.
