

SDI Review Form 1.6

Journal Name:	Asian Journal of Agricultural Extension, Economics & Sociology
Manuscript Number:	2014_AJAEES_10454
Title of the Manuscript:	Bayes Approach to the Estimation of Technical Efficiency and Returns to Scale in Agriculture: A case of Nigeria
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment
<u>Compulsory</u> REVISION comments	Indicate the specific estimation method used. For instance Markov chain Monte Carlo method is commonly used. Also, indicate the software used in the estimation Check the interpretation for the inefficiency parameters; normally negative signed parameters are interpreted to have positive effect on efficiency. Provide a table or figure showing the distribution of the inefficiency indices	Estimation method indicated Software used now stated Interpretation of parameters corrected Table showing the distribution of the inefficiency indices provided
<u>Minor</u> REVISION comments	Change the punctuations and spellings	Punctuations and spellings checked and corrected
<u>Optional/General</u> comments
