SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments	<p>Agricultural extension has been review in Nepal, India, and the United States. A comprehensive review of literature was conducted to identify the similarities and differences in the agricultural extension systems in the stated countries. The materials of study were taken from Relevant documents included creation legislation for each country, global analysis from organizations such as Food and Agricultural Organization, and peer-reviewed journal articles as well as the authors' extension experiences working in the stated countries also provided inputs to develop this paper.</p> <p>Total Quality Management recommended to be used as Method for next studies. There is not method of the study.</p>	<p>This study is not for the Total Quality Management of any organization. This is just a review of the current situation of extension systems in three countries. Therefore, I would appreciate if the managing editor allows us to put the tem methodology.</p>
