PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	FAO, 2005 is old, please use current data there is a 2012 SOFIA. Page 4 line 161 implies that size difference between concrete and earthen pond was shown in table 3, it wasn't and neither was it shown on any table in the article.	FAO 2005 has been replaced, and the paragraph updated with current citations. The previous Page 4 line 161 , has been revised to reflect information on table 3.
<u>Minor</u> REVISION comments	The author fail to mention how Amansie - West Fish production has an implication on west Africa food security? Where in Ghana is Amansie west (Ashanti region)– North, South, East or West?	Literature has been revised to relate the implication of improvement in fish production in Ghana on fish demand (and food security) within the West African region. This has also been mentioned in the abstract and conclusion. Ashanti region is in south Ghana, this has been revised under methodology.
<u>Optional/General</u> comments	under methodology; Typographic error; 26"°c should be 26°C (page 3 line 110) Educational status and level of education implies the same thing (page 4 line 116)	26"°c has been changed to 26°C . The previous page 4 line 116 has been revised.
