

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	Asian Journal of Agricultural Extension, Economics & Sociology
Manuscript Number:	2014_AJAEES_13231
Title of the Manuscript:	FOREIGN LAND DEALS IN AFRICA: IMPLICATIONS FOR AGRICULTURAL TRADE
Type of the Article	Original Research Article

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
Although authors answer to my revisions is just "Majority of the comments are very useful for our paper. We have modified and corrected as suggested herein."!!!!, Authors should answer for each and every individual revision. It is not properly done!? Still I have lots of questions on the quality of the paper, however up on reading it I compromise myself that this publication can go for acceptance. In abstract 1st line this study investigates and in 4th line this study employs? One of the driving forces has been attributed to the presumed availability of land in these regions. Confusing me? See my corrections directly in the revised MS Check Foot Note for Table A1.1: Agricultural Export (Citizen Rights)
