SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments		
Optional/General comments	This MS deal with the analysis of resource use efficiency in tomato (<i>Lycopersicon esculentum</i>) production in Kogi State, Nigeria. As a result of data analysis such as simple descriptive statistics, Ordinary Least Square regression analysis, and efficiency ratio, it found that pesticide, labour, years spent in school, quantity of seed and farm size are important factors for the tomato output in this state. This MS contains many useful data for tomato production in this state
