

SDI Review Form 1.6

PART 1:

Journal Name:	American Journal of Experimental Agriculture
Manuscript Number:	MS: 2012/AJEA/2303
Title of the Manuscript:	Multivariate Analysis of Phenotypic Diversity of Landraces of Rice of West Bengal.

General guideline for Peer Review process is available in this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

- This form has total 9 parts. Kindly note that you should use all the parts of this review form.

SDI Review Form 1.6

PART 2: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments	This paper is important to show the agricultural traits of rice cultivars belonging to West Bengal. The experimental design is well done and the results are clearly explained. I just need one correction. - In page 2 line 70 and line 76, the same sentence has been written. The author should decide the exact line. Also, I want the author to explain the genotypic classifications. These features are phenotypic. After these explanations and corrections this manuscript can be published in American Journal of Experimental Agriculture.	Thank You very much , Sir, for your painstaking effort in reviewing my paper and making positive comments. I have done the necessary corrections as you have marked out highlighting with yellow colour . If my answer be lacking, please clarify me the matter once again in detail and oblige me
