- This form has total 7 parts. Kindly note that you should use all the parts of this review form.

SDI Review Form 1.6

PART 2: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	The manuscript describes the effect of leaf pruning frequency on the control of black Sigatoka disease and the yield of banana. The main idea of the work is well developed and experimentally tested by authors. The manuscript is well written although it needs to be corrected in letter mistakes that may be the result of typing errors. However, those mistakes are easy to correct and then manuscript should be approved with minor corrections.	
<u>Minor</u> REVISION comments	In lane 10, change sigatoka by Sigatoka. Do the same thing in lanes 42, 47, and 52 and in general review that word is correctly write in through the manuscript. The text in lanes 86-89 is out of format of the manuscript, please justify according with the rest of the manuscript. Please check that references in text are the same that are written in the reference section as Ngatat is missing in the text; also reference for Abadie et a., (2007) has a typing mistake as in text it says Abedie et al., Please through the text make a uniform writing of references and according with the requirements of the journal write it using et al., or et al, In Table 1. In column of Pruning frequency delete the points in front of 9-day
