SDI Review Form 1.6

PART 2: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Please see the file attachment.	The second reviewer's comments were mostly on editorial corrections limited to the style of presentation and language of the manuscript, all of which have been taken care of while preparing the revised manuscript, following the SDI Paper Template Version 1.6 Date 11.10. 2012, provided along with the comments . In addition, we have provided the DOI nos. wherever available. No additional comply to the comments is necessary.
<u>Minor</u> REVISION comments		1. The presentation style has been checked. 2. The reference style has been checked. 3. The references have been renumbered and incorporated into the text. 4. Available DOIs have been provided. 5. Journal abbreviations have been corrected. 6. The style of presentation of Tables & Fig.s have been checked and placed in text at correct places. 7. Font size for every heading and sub-heading have been checked. 8. All new corrections in text, Tables & Figures have been indicated by yellow markings. 9. Language editing is not possible since we do not have any specialised language editors.
<u>Optional/General</u> comments	Please intensively check the writing style following author instruction.	The entire manuscript has been critically checked following instructions to authors .
