Some typos should be fixed. Literature review should contain some relevant and recent works: please add Magazzino, C., (2012), Wagner's Law and Augmented Wagner's Law in EU-27. A Time-Series Analysis on Stationarity, Cointegration and Causality, <i>International Research Journal of Finance and Economics</i>, 89, April, 205-220; Magazzino, C., (2012), The Nexus between Disaggregated Public Spending and GDP in the Euro Area, <i>Economics Bulletin</i>, 32, 3, 2560-2579; Magazzino, C., (2012), Wagner versus Keynes: Public Spending and National Income in Italy at a Disaggregated Level, <i>Journal of Policy Modeling</i>, 34, 6, November-December, 890-905. Please, revise the English style.	All the typos have been corrected and the English style revised. The three relevant literatures have being added to the work, this can be seen from line 170 – 199 in the paper. The final evaluator's comment was indeed very helpful and has given me insight into disaggregated public spending analysis. Hope to publish more quality work on this area base on my area of specialization. I like to say thanks to SDI.
