Please find attached my final decision for manuscript no 2013 AJEA 3649. My decision is Accept after minor revision.

Attached Part:

The final decision for manuscript number 2013 AJEA 3649 entitled “An investigation of the content of manganese in the fruit of marrows (*Cucurbita pepo* L. var. giromontia) in respect of the kind of fertilizer and the type of fertilization” later “Effect of type and method of fertilization on marrows (*Cucurbita pepo* L.) yield and fruit quality” by Denka Kostova, DimkaHaytova andDimitarMechandjiev.

The current version of the manuscript is significantly improved comparing to the previous ones. Now it is almost ready for publication in American Journal of Experimental Agriculture. However, before acceptance some editorial corrections should be made. All of my corrections are marked in the text. I only add that the reference list must be carefully corrected by authors.

My final decision is: Accept after minor revision.
