Subject: Re: Request for final decision for manuscript number- 2012 AJEA 2629

Please find the attached file with my decision which is Accept, but after correction of literature citation.

Attach file details:

The final decision for manuscript number 2012 AJEA 2629 entitled “Categorization of Rural Youth on Utilization of Agricultural Information on Arable Crop in Southwest Nigeria” by Olumuyiwa AkinOlaniyi and Jacob GbengaAdewale

I evaluated all materials regarding the manuscript and I agree with the reviewer that the manuscript is significantly improved comparing to the first version. Authors have introduced into the text many changes according to reviewers' suggestions and requirements. However, the manuscript still contains one mistake regarding the style of literature citation. Namely, literature entries listed in REFERENCES are correctly ordered (from 1 to 11) but in the text the numbers must be also introduced. Starting from the beginning of INTRODUCTION, instead of Pezeshki-Rad and Zamani 2005 the [1] must be introduced, and so on.

My final decision is: Accept(after correction of the literature citation).
