SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments	The authors have written: - Arbor Acre, but correctly is Arbor Acres; - Drum stick, but correctly is drumstick. Please, revise the text because they should be corrected. Water Holding Capacity Row 158 - 5.0g of sample is not correct. Please, revise because should be corrected. Row 280 and 321 - Maybe, the authors should reformulate the titles because the tables include treatments without or with microbial phytase. e.g., The yields of carcass parts.	All corrections pointed out are classical and helped improve the quality of the manuscript. All the corrections were carefully effected.
<u>Optional/General</u> comments	The article provides information on performance and carcass characteristics of broiler chicken fed soybean and sesame/soybean based diets supplemented with or without microbial phytase, and is generally well-structured. Generally the manuscript is well-structured, but will be accepted for publication after minor revision
