SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	This article is based on field survey of layer poultry farms in Nigeria. The data is compiled and statistics applied to the data. Overall the article is good only minor revisions are required as given below. 1- The data regarding to the history of diseases and losses in each flock should be incorporated, this will indicate the efficiency, good management practices and technical skills of the farmers. 2- The inputs and outputs (profit) should be estimated in US dollars or Euros rather than local currency so that the reader can understand easily.	The data on the history of diseases and losses was not obtained. The values of the revenue have been converted to US dollars
<u>Minor</u> REVISION comments	Discussion need to be improved and some new references (of last 5-10 years) should be added.	Possible corrections have been effected
<u>Optional/General</u> comments
