SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	Abstract : Not clear, it is long but meaning of the sentences are misunderstood. Introduction : Almost include health benefits of the tea. But the manuscript related on propagation. Literature used in this section is not enough. Materials and Methods : The study area explanation is not enough. Fener-3 is not a cultivar, it is a clone (variety). Results and Discussion : Must be re-written and author must check the text for English grammar and writing. Literature used are too little.	Revised (according to reviewer's suggestions) manuscript .
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments	Big revision
