SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	Introduction Lines 14, 16 and 17 When is something mentioned for the first time it should be written in the full name. The Latin names of insects as well as plants should be followed by the name of the describer and should be written in <i>italic</i> so as the names of genus. Line 14/15 Incorrect form of citation. Materials and methods Lines 66-70 Please specify the source of these data to prove it. Lines 75-77 Please, check again these sentences, is everything written correctly? Line 87 Reorganize these two sentences – do not use “each replicate was” at the beginning of both sentences. Line 108 Please, specify which literature. Results Line 187 I suggest specifying the number of insects on Angola. Line 205 The number of species <i>Cetonia aurata</i> L. is not visible in Table 2., it is only visible	That part of the introduction was deleted. Since it has no entomological background to the study. Source: Local weather station data. Everything was described in accurate details. Sentence was reorganised. Ofori et al. 2014 604 insect species.
